Environmental Policy

Anchor Safety LLP specialises in the supply and distribution of industrial protective clothing, workwear, safety equipment and first aid supplies

Considering the purpose and context of the organisation, and the condition of the environment in which the company operates, the management of Anchor Safety LLP is committed to the continual improvement of the Environmental Management System, according to compliance obligations, by following the principles and requirements of the ISO 14001:2015 Standard.

The framework for setting environmental objectives is defined in the Integrated Management System Manual.

All employees of Anchor Safety LLP are acting to protect the environment by preventing and eliminating environmental pollution through:

- Continual education in order to prevent environmental pollution, preserve natural resources, and improve the Environmental Management System
- Continual raising of environmental awareness
- Exploration of new materials with smaller environmental footprints and improvement of hazardous waste management
- Decrease of non-renewable energy consumption and replacement with renewable energy sources
- Activities that emerge from the context of the organization
- Following environmental procedures in order to decrease environmental pollution, and prevent degradation and damage to the environment
- Decrease of adverse impact on water, soil, air, and biodiversity.

This Environmental Policy is communicated to all persons working for or on behalf of the organisation and is made available to the public if requested.

This Policy is endorsed by the Executive Management of Anchor Safety LLP
